Dear Premier.

#### PS ELECTION SURVEY OF VICTORIAN POLITICAL PARTIES

CPSU, The Community and Public Sector Union, represents state public servants, public sector workers and employees in private sector entities that deliver services on contract on behalf of the Victorian Government.

Given our role as the representative union of current and future employees of the State, I am seeking the views of all major political parties on issues that are the heart of the employment relationship between a government and its workforce.

Whilst each major party seeks the govern Victoria and presents policies to the electorate for consideration, CPSU is more interested in ascertaining your views on matters that directly impact on the staff you will employ as Government.

Our members deserve to know what type of employer you will be for the next 4 years.

CPSU has therefore developed a set of questions for the parties contesting this election which we ask you to answer.

In order to help our members choose their employer, your answers along with all the other responses will be distributed unedited to the public sector workforce in order for them to make an informed choice on November 26<sup>th</sup> 2022.

In the event a party chooses not to respond this will also be conveyed to our members.

I look forward to receiving your responses by Monday the 7th of November 2022.

Your Sincerely,

Karen Batt

CPSU Victorian Branch Secretary / Federal Secretary

Caren Bass.
